

The Addictions Care Center of Albany, Inc.

Elevate Your Skills: Specialized Training in Severe Mental Health & Substance Abuse Disorders for Healthcare Professionals.

Are you ready to take your skills in treating severe mental health and substance abuse disorders to the next level? Look no further! ACCA is thrilled to announce our comprehensive training program designed to empower you with the tools and knowledge necessary to excel in handling challenging cases.

Thanks to a generous grant from Rensselaer County LGU, ACCA is at the forefront of addressing co-occurring disorders through cutting-edge treatment programs, staff training, and workforce development. Join us as we focus on meeting category 4 acuity treatment/service needs together.

Our training curriculum covers a diverse range of essential topics including assessment, diagnosis, treatment planning, therapeutic techniques, relapse prevention, and ongoing support strategies. Stay ahead of the curve by staying abreast of the latest research findings, best practices, and emerging trends in the realm of co-occurring disorders.

Enroll now and gain the expertise and evidence-based approaches required to effectively cater to individuals with severe substance use and mental disorders. Our person-centered approach ensures that you prioritize the unique needs and experiences of everyone, enabling you to deliver evidence – based care.
